Health Care Authority
Community Health Services
PO Box 42721
Olympia, WA 98504-2721

Dear Bob & Connie:

We are applying for a Community Health Services grant for state fiscal year 2004. We are sending the Application, Parts 1, 2, and 3 via e-mail. Enclosed is our Agency Information and Signature Page, Sliding Fee Scale, Sliding Fee Application, Independent Auditors' Report, and updated copies of required institutional file material.

We are requesting the following grant funding:

Dental	548,050
Medical	334,650
Migrant	17,300
<hr/>	
Total	\$900,000

If you have any questions about this application, please call Wilma Writealot, Grants Coordinator, at (206) 000-9876.

Sincerely,

Mark Director
Executive Director

Instructions:

The first two sections of this form contain electronic form fields. Please enter the appropriate information in these fields, which are highlighted in gray. Please use the following keys to move through these sections: TAB, PAGE UP, PAGE DOWN, and the LEFT and RIGHT ARROWS. The third section of this form is not protected and may be edited as any MS-Word document.

Please begin by typing the name of your organization.

Agency Name: Hope Health Centers

Instructions for submitting your grant application.

1. Please refer to our Application Instructions booklet for a complete set of instructions.
2. Most of the grant application should be submitted in electronic format either via e-mail or on a standard 3.5-inch floppy diskette. Certain pages and items must be submitted in paper copy, some with original signatures. If you are unable to submit an electronic grant, please contact us no later than March 14, 2003.
3. **Application deadline:** 4:00 PM, PST, Friday, April 4, 2003.
4. Submit the following items in electronic format:
 - Part 1
 - Part 2
 - Part 3
5. Submit the following items in paper copy with original signatures as appropriate:
 - Transmittal Letter (original signature required)
 - Agency Information and Signature Page (original signatures required)
 - Sliding Fee Schedule
 - Sliding Fee Application
 - Independent Auditors' Report (with Financial Statements and Letters to Management) (due once every two years)
 - Updated Institutional File materials (see Part 3, Tab T.3)

6. Delivery Addresses:

e-Mail Address: chs107@hca.wa.gov

Agency Assurance Checklist

Agency Name: Hope Health Centers

Instructions: Please use the space bar to mark all pertinent statements with an "X"

A. Administrative Services: (Required)

1. Agency Status:

- ☒ Agency is a private, nonprofit organization or a public organization under the jurisdiction of a city or county.
- ☒ Agency is in compliance with the Department of Health and Human Services Regulation under Title VI of the Civil Rights Act of 1964.
- ☒ Agency is in compliance with the Department of Health and Human Services Section 504 of the Rehabilitation Act of 1973.

2. Governing Board: (Required)

- ☒ The Board has the responsibility to establish general policies, determine the services to be provided, set the hours of operation, approve the annual budget, approve the selection of Chief Executive Officer/Administrator, evaluate the center activities, and assure that the center operation is in accordance with all applicable laws and regulations.
- ☒ The Board holds regularly scheduled meetings.
- ☒ At least 30 percent of the board membership are users of agency services and are representative of the population served.
- ☒ None of the board members is an employee of the grantee, or the spouse, child, parent, brother or sister by blood, marriage, or adoption of an employee of the grantee.

3. Management: (Required)

- ☒ Agency has an administrative structure appropriate for its size and structure.
- ☒ Agency has a single Chief Executive Officer/Administrator who will serve as primary point of contact between the Health Care Authority (HCA) and the contractor/grantee.
- ☒ Agency has developed and implemented accounting and internal control systems appropriate for its size and complexity.
- ☒ Agency has instituted financial planning represented by the development of annual budgets that reflect all the functions and resources to be used in carrying out reimbursable activities.
- ☒ Agency has billing and collection policies and procedures that make every reasonable effort to collect revenues from:
 - ☒ 1) Titles XVIII and XIX, and other public and private health insurance programs, undiscounted, and
 - ☒ 2) Patients for services in accordance with a schedule of fees and sliding discount schedule.
- ☒ Services are not denied because of inability to pay.
- ☒ Clients whose income is above 200% of the federal poverty level are charged full fee.
- ☒ Clients whose income is below 200% of the federal poverty level and who are on the sliding fee schedule have a signed and dated sliding fee application on file at the clinic.
- ☒ Independent financial audits are conducted at least every 2 years and submitted, including any management letters, to Community Health Services (CHS).

4. Facilities: (Required)

- ☒ The clinic setting(s) ensure(s) respect for privacy and the dignity of individuals.
- ☒ The clinic's dental and medical records area is secure and lockable.

B. Clinical Service Priorities: (Required)

- ☒ Priority is given to low-income clients.
- ☒ Services are offered to any person without requiring legal residence and without discrimination as to race, religion, gender, national origin, maternity, marital status, age, or disabling condition.

C. Clinical Management and Supervision: (Required)

- ☒ The dental and/or medical care component of the program operates under the supervision of a licensed Dental and/or Medical professional. Responsibilities include the establishment of standing orders and general coordination of dental and/or medical providers.
- ☒ Appropriate primary health care services will be provided by a Physician, an Advanced Registered Nurse Practitioner, a Physician's Assistant, a Licensed Mid-Wife, a Dentist, or a Dental Hygienist who is licensed to practice in Washington State.
- ☒ Patient care policies, procedures, and standing orders are reviewed and updated regularly by the Medical/Dental Director.
- ☒ Agency has a well-organized, comprehensive quality improvement (QI) program that is accountable to the program's administration and the Board of Directors; the scope of services offered is broad enough to cover the full spectrum of health care provided through the program's delivery system. Included in the QI program are elements such as: improvement program and description, annual workplan, annual report, complaints and appeals, tracking, credentialing and re-credentialing.
- ☒ The QI program coordinates with other management activities throughout the organization to produce improvement in both health care and administrative services.
- ☒ Written policies are in place for provision of professional coverage at all times, provision of health care services to hospitalized patients, and terms of employment for health care workers.
- ☒ A dental/medical records system is in place that provides systematic organization of the records, facilitates record storage and retrieval, and assures the confidentiality of client records.

D. Agency/Clinic Accreditation: (Informational only)

Does the Agency/Clinic currently have any national accreditation such as JCAHO?

☐ Yes ☒ No

If yes, what is the name of the accrediting body?

If no, do you plan to pursue accreditation?

☐ Yes ☒ No

Certification: I hereby certify that the preceding information is true.

Agency Name: Hope Health Centers

You have reached the end of the electronic form field (protected) section. Use your arrow keys or mouse to move down to the blank area **below item 1a. "Mission Statement"** to continue entering your information.

Grant Narrative

Briefly describe the agency, its activities, the populations it serves, and the need for CHS funding. This description must be presented in the format and with the headings as shown below. Enter specific information below each heading. Limit your narrative to no more than 5 pages.

1. Program Description

a. Mission Statement:

To provide comprehensive health care to families and individuals who have difficulty accessing care, to respond with sensitivity to the needs of our culturally diverse communities and to advocate and work with others to improve the overall health status of the communities we serve.

b. When and Why Established:

Established in 1972, HHC was formed to respond to the primary health care needs of low-income, uninsured populations.

c. Service Area:

Our primary service area is Seattle and King County, Washington. Geographically this represents the area from the south King County line to the Snohomish County line, and east to west from Lake Washington to the Puget Sound.

d. Services Provided, General:

Dental services include a full range of preventive and restorative services including hygiene services and education, oral cancer screenings; periodontics, endodontics and limited removable prosthodontics, oral surgery and emergency care. We also operate specialized programs for people living with HIV/AIDS and for homeless veterans. HHC's dental clinics work to connect patients needing specialty care with other area dental providers willing to see patients who have limited ability to pay for their care.

Medical clinic services include, but are not limited to, diagnosis and treatment of acute illness, chronic disease management, preventive care and health education, obstetrics, limited emergency services, a WIC program, family planning, social work, mental health and chemical dependency counseling, support groups, acupuncture, services for victims of domestic violence and specialized programs for homeless and street involved youth and homeless families. Lab, x-ray and pharmacy services are also provided. HHC's medical clinics are able to connect patients to specialty and inpatient care through referral arrangements with several area hospitals.

Migrant Health services include all of the services identified above. These services are provided with a family health focus.

Our medical and dental clinics provide walk-in care, early morning, evening and/or weekend hours to make it easier for patients to access care. We also offer consultation services after hours. We provide services in the more than 30 different languages spoken by our patients using our bilingual staff (nearly 60%), staff interpreters and community interpretation services.

e. Services Provided Specific to Current CHS Dental Award:

(Existing contractors only)

(If you are a current recipient, also describe the services you provide specific to your CHS Non-Citizen Immigrant contract amendment)

Current funding enables our five dental clinics to continue providing comprehensive, high quality and culturally sensitive dental services to low-income individuals and families. Funds specific to our current contract is helping support more than 5,700 sliding fee dental users at our First Street, Second Street, Third Street, Fourth Street, and Eighth Street Clinics. Funding supports current dental salaries and a portion of the dental operating costs associated with sliding fee patients.

Since the loss of the MAA/Medicaid dental coverage for non-citizen immigrants, HHC has used the additional dental dollars received through a CHS contract amendment to continue service for this population. HHC is providing comprehensive dental services for 500 of the 8,000+ non-citizen immigrant population living in King County. We are doing this in part through sub-contracts with private providers and if the funding continues we will hire a bi-lingual on-staff dentist and dental hygienist.

f. Services Provided Specific to Current CHS Medical Award:

(Existing contractors only)

Current funding from CHS enables our five medical clinics to continue providing comprehensive, technically excellent and culturally appropriate medical services. Funds are supporting over 5,000 sliding fee medical users at our Fifth Street, Sixth Street, Seventh Street, and Eighth Street Clinics. Funding supports current medical salaries and a portion of the medical operating costs associated with sliding fee patients.

g. Services Provided Specific to Current CHS Migrant Award:

(Existing contractors only)

Current migrant funding is helping cover the cost of providing health care support for over 140 migrant workers or their family members.

2. Need**a. Socioeconomic Data of Users vs. General Population:**

The poverty data below demonstrates that HHC patients are disproportionately low-income compared with the general King County population. (Source: HHC's unduplicated medical and dental patients by poverty level, CY 2000. King County percentage of poverty: U.S. Census data from the Seattle-King County Department of Public Health, February 2001.)

In the King County planning areas most closely tied to HHC's service area, 13% of all residents are without insurance coverage of any kind. Within HHC's medical program, 22% lack insurance. In King County, 32% of residents lack dental insurance, while among HHC's population, 46% of patients do not have coverage. (Source: Seattle-King County, January 2000 and HHC's unduplicated medical and dental patient payer source data for CY 2001.)

Income By Federal Income Guidelines	% CLIENTS	% GENERAL
More Than 200 Percent	10%	80%
100 - 199 Percent	18%	12%
Less Than 100 Percent	72%	8%
Unknown	0%	0%
TOTAL	100%	100%

b. Barriers to Health Care:

Major barriers to health care within our service area are low family incomes, lack of experience in accessing services and receiving preventive services, lack of familiarity with the concept of insurance, transportation, child care and access barriers due to language and culture. The complex and sometimes

chaotic nature of the lives of our patients often makes scheduling appointments and keeping appointments a challenge. The diversity of our service area residents makes the reduction of linguistic and cultural barriers ongoing work for HHC, particularly as immigrant and refugee populations grow and change.

c. Special Populations:

HHC provides services to a number of special populations, including people living with HIV/AIDS, the homeless, mental health and chemical dependency service consumers and migrant workers and their families. In addition, more than 3 in 10 visits are provided to persons who speak a primary language other than English. During the past year, the need for Spanish and Somali interpreter services has increased most notably.

d. Need Specific to CHS Dental Funds:

(If applying for dental funds)

A significant share of the dental safety-net providers in King County focus on providing Medicaid reimbursable services for children. Over the years this has severely restricted the safety net services available for adult populations, particularly those without any insurance. HHC has maintained open access for patients of all ages at most of its dental sites, and continues to experience a high demand for adult sliding fee care. This care is often complex and costly to provide. Currently 68% of our patients are over age 19. We anticipate that the demand for adult sliding fee care at HHC sites will continue to grow as long as there continues to be shrinkage in the numbers of other clinics willing to care for this patient group. This already high demand will grow exponentially if adult dental Medicaid funding is drastically reduced during the current legislative session. State CHS funds are critically needed to support services for our large volume of adult sliding fee patients.

e. Need Specific to CHS Medical Funds:

(If applying for medical funds)

Despite the availability of capitated Medicaid programs, we continue to provide care to over 5,030 children and adults who have no insurance coverage. The need for CHS Medical funds at HHC is increasing as we have opened our new Eighth Street Clinic, located at 888 Eighth Street, and through that site are providing a new population of sliding fee patients with medical care. Our multi-lingual Patient Representatives work to educate patients who may be eligible for public insurance and to assist individuals and families in the enrollment process. Some patients, however, still choose not to enroll because they remain unsure about the importance of insurance or have other concerns. We work to address these issues and to provide ongoing education on the benefits of insurance coverage. CHS funds help to support the care of our sliding fee patients, who have few places to turn for high quality, culturally appropriate care.

f. Need Specific to CHS Migrant Funds:

(If applying for migrant funds)

State CHS funding is needed to support medical and dental services for migrant workers and their families. Like our non-migrant medical and dental patients, migrant workers have difficulty accessing services because of limited resources, lack of experience in accessing services and cultural and linguistic barriers. Migrant workers also face additional challenges around continuity of health care and health coverage, and may experience elevated environmental health risks due to pesticide exposure and other living conditions. Sixty percent of our current migrant workers and their families are receiving care on a sliding fee basis. CHS funds are a key source of financial support for the medical and dental services provided to these children and adults.

3. Plan

a. Projected Use of New CHS Dental Award:

(If applying for dental funds)

State CHS funds are critically needed to help support the growing costs of services to adult sliding fee patients. These funds help make it possible for HHC to provide comprehensive, high quality and culturally appropriate sliding fee dental services to patients who otherwise often delay care until they experience an oral health emergency. On-site services will be provided at each of HHC's five dental clinics. CHS funds

will be used to help support (salaries) of our dental providers along with other operating costs associated with dental service delivery for sliding fee patients.

b. Projected Use of New CHS Medical Award:

(If applying for medical funds)

State CHS funds are needed to help support the costs of medical services for low-income, uninsured children and adults at our five medical clinics who are on a sliding fee schedule. These comprehensive, high quality and culturally appropriate services will be provided on site and in a way that responds to the diversity and life experiences of our patients. Services will be provided through all five of HHC medical clinics. CHS funds will help support (salaries) of our medical providers along with operating expenses associated with the provision of medical services for sliding fee patients.

c. Projected Use of New CHS Migrant Award:

(If applying for migrant funds)

Next year's funding will enable our five dental clinics and five medical clinics to continue to provide migrant sliding fee patients with comprehensive, high quality and culturally sensitive dental services. These on-site services will be provided in a way that responds to the diverse communities we serve. Funds requested in this application will pay for approximately 144 medical and dental visits.

Grant Application

Dental, Medical, & Migrant

For State Fiscal Year 2004 (July 1, 2003 through June 30, 2004)

Part 3 - Institutional File

Institutional File and Programmatic Assurance

Dental and Medical Professionals' Licensure

Agency Profile Forms

Use Microsoft Excel 97 to complete this form.

(Do not use Microsoft Word)

Instructions:

This electronic form contains selected data from your previous year's application.

Please edit, update, or enter current data in the fields highlighted in green.

Please use the following keys to move through the form:

TAB and the UP, Down, LEFT and RIGHT ARROWS.

Please include information current as of the date of preparation.

Please begin by typing the name of your organization.

Agency Name: **Hope Health Centers**

Use your mouse to click on the page tabs at the bottom of your screen to continue with the remaining pages.

The deadline for submitting applications is 4:00 PM, PST, **Friday, April 4, 2003.**

Please submit this Part 3 of the grant application along with Parts 1 and 2 as instructed on page 5 of the Application Instruction booklet.

Please refer to the Application Instruction booklet for additional details and instructions.

For assistance in completing these forms you may contact us as follows:

- Via e-mail: chs107@hca.wa.gov
- Via telephone: (360) 923-2777

You may find us on the web at **www.chs.hca.wa.gov**.
